## PROFILE

- I do my best to follow the Golden Rule: treat others as you would want to be treated in their situation.
- I am always willing to pursue and work toward time-efficient solutions in the long term. Where I can, I contribute my own ideas.
- Current responsibilities:
  - Migrations and automation in the technical infrastructure.
  - Adding new services to our Kubernetes environment.
  - Maintaining our web application firewall.
  - Migrations of legacy systems.
  - Technical support for our customer support team.

## SKILLS

## LANGUAGES

## CAREER

12/2024 - jetzt

### INFRA / DEVOPS + GITHUB + K8 + WAAP

Pupil AG / Seven Education (Sdvi GmbH)
